SHOW-ME ECHO
(Extension for Community Healthcare Outcomes)

HEAD START

HEAD START ECHO will provide a forum for conversation, expertise and collaboration to:

• No cost continuing education for professionals
• Support and ongoing learning from experts who provide strategies and suggest resources
• Children get better care in their community
• No cost to participating sites or individuals

HOW DOES IT WORK?
Participants will join an interactive online video conference from 11 a.m. to noon the third Wednesday of the month. They will share and discuss cases related to such topics as:
• Parent advocates
• Community health workers in Head Start
• Head Start in public schools
• Trauma in young children
• Challenging behaviors and medication

INCREASING LOCAL CAPACITY FOR THE HEAD START MODEL OF SERVICES
ECHO uses videoconferencing to connect interdisciplinary teams of experts with educators, clinicians and other professional service providers. Together, they learn to develop advanced skills and best practices. Head Start ECHO will provide a forum for conversation, expertise and collaboration to:

• Showcase best practices and promising approaches.
• Increase awareness of and access to local and state resources.
• Improve professional collaboration and community partnerships.

WHAT DOES THIS ECHO OFFER?
