EXTENSION FOR COMMUNITY HEALTHCARE OUTCOMES

CONCUSSION CARE ECHO A MULTIDISCIPLINARY APPROACH

EMPOWERING AND SUPPORTING HEALTHCARE PROFESSIONALS TO CONFIDENTLY AND EFFECTIVELY APPLY BEST PRACTICES IN CONCUSSION CARE

ECHO uses videoconferencing to connect interdisciplinary teams of experts with rehabilitation professionals, therapists, and athletic trainers. Together, they develop advanced skills and best practices through collaboration and case-based learning. The Concussion Care ECHO provides an opportunity to share knowledge resources.

GOALS AND OBJECTIVES

- Identify appropriate multi-disciplinary referrals
- Increase utilization of appropriate care plans
- Improve utilization of objective assessments
- Counsel patients effectively and advocate for collaboration with other professionals

WHAT DOES THIS ECHO OFFER?

- FREE continuing education credits
- NO COST to participating sites and individuals
- Uninterrupted time with experts and specialists
