

SHOW-ME ECHO

EXTENSION FOR COMMUNITY HEALTHCARE OUTCOMES

CHILD PSYCH ECHO

SUPPORTING AND EMPOWERING HEALTHCARE PROFESSIONALS TO EFFECTIVELY TREAT CHILDREN SUFFERING FROM BEHAVIORAL HEALTH ISSUES

ECHO uses videoconferencing to connect interdisciplinary teams of specialists and subject matter experts. Together with the team, participants develop advanced skills and best practices through collaboration and case-based learning, in an “all teach, all learn” environment. This ECHO is an exemplar of the integration of medical, pharmacological and psychological considerations into the treatment of the behavioral health patient. Join the learning and collaboration **every 2nd & 4th Fridays from noon to 1 p.m. (September-June).**

PARTICIPANTS WILL BE ABLE TO:

- Detect mental health concerns in kids and teens
- Diagnose and treat (medications and therapies) common mental health disorders in kids and teens
- Make referrals to treat mental health concerns in kids and teens, as appropriate
- Support kids and teens in their treatment for mental health disorders

**FREE CONTINUING EDUCATION CREDITS!
NO COST TO PARTICIPANTS!**
