

SHOW-ME ECHO

EXTENSION FOR COMMUNITY HEALTHCARE OUTCOMES

DEVELOPMENTAL DISABILITIES ECHO

IMPROVING LIVES OF INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES BY OPTIMIZING CARE ACROSS MISSOURI

ECHO uses videoconferencing to connect interdisciplinary teams of specialists and subject matter experts. Together, hubs and participants develop advanced skills and best practices through collaboration and case-based learning in an “all teach, all learn” environment. Join the multidisciplinary team **every 2nd and 4th Thursday of the month from 12:00 - 1:00 p.m.**

PARTICIPANTS WILL BE ABLE TO:

- Improve psychiatric care and behavioral care for individuals with developmental disabilities
- Optimize treatment plans, reduce challenging behaviors, and identify appropriate replacement
- Increase knowledge of behavioral interventions and systems of support
- Identify the impact of social determinants to mental health/behavior problems in individuals with developmental disabilities

TOPICS FOR LEARNING AND DISCUSSION:

- Successful Office Visits
- Healthy Sexuality and Managing Sexual Behaviors
- Trauma and Abuse
- Psychopharmacology
- Challenges with Treatment Plans in Residential Settings
- Collaboration with Care Team
