

SHOW-ME ECHO

EXTENSION FOR COMMUNITY HEALTHCARE OUTCOMES

VETERINARY EDUCATION & TRAINING ECHO

IMPROVING LIVESTOCK MEDICINE BY SUPPORTING MISSOURI VETERINARIANS

ECHO uses videoconferencing to connect interdisciplinary teams of specialists and subject matter experts. Together, participants will learn to develop advanced skills and best practices through collaboration and case-based learning to improve outcomes for Missouri producers. **Sessions occur every 2nd Tuesday of the month from 12 - 1:00 p.m.**

TOGETHER WITH A TEAM OF SUBJECT MATTER EXPERTS, PARTICIPANTS WILL BE ABLE TO:

- Identify herd level and individual livestock animal health concerns
- Help producers understand the evidence-based approach to herd health management practices
- Apply treatment of prevention to herd level and individual livestock animal health concerns
- Understand when to seek consultation to treat herd level or individual livestock animal health concerns

*FREE continuing education: Approved for 1 hour of veterinary continuing education by the University of Missouri College of Veterinary Medicine.

MEET OUR HUB TEAM
